8. If the reason for the application is that the licensed facility or activity
  - (a) is no longer required, or
  - (b) is not economically justifiable,

provide a detailed explanation and submit documentation in support of your reason(s):

*The licenced facility comprises 10 fixed roof storage tanks located in three separate physical locations in the Island View area of the Port of Durban. The licenced tanks' capacity totals 18 930m<sup>3</sup>, which is only 4% of BTT's tank capacity in Durban - the other tanks are used for chemical and vegetable oil products.*

*The existing customer has indicated its intention to no longer store petroleum products in this facility (see Annexure A), and an opportunity has arisen for BTT to use these tanks to store non-regulated product (see Annexure B). This new product will be received from ship and dispatched via pipeline, which will assist in reducing the road congestion in the*

*port area. The logistics of handling this product is simpler and comes with less operational risks. BTT has therefore decided to proceed with this opportunity.*

*BTT has no intention to store petroleum products in these tanks in future and therefore has decided to make this application for revocation.*
